

# PM-3000-A

## PRODUCT ROLLING MACHINE

### OVERVIEW:

ABM International, Inc. has spent many years perfecting rolling machines for various products. The PM-3000-A can be manufactured to roll pillows, blankets, mattress pads, cushions and much more. The customer can specify the length, width, thickness, and desired roll diameter of the product to be rolled and ABM will manufacture a rolling machine that is right for the job. This robust design incorporates conveyor belts for compression and continuous feed, while providing for high production and consistent rolling. After the product is rolled, it is automatically ejected either into bags, cardboard sleeves, or boxes.
